

# SWIM LESSONS

## WATER DISCOVERY/EXPLORATION 2019

YMCA Parent/Child swim program promotes water enrichment and aquatic readiness activities for children ages 6 months to 3 years of age. The developmental experiences provided in this program are used to build the child's self-confidence, and provide positive social experiences for both child and parent. Parents learn methods of working with their young ones to encourage water adjustment, self-confidence, safety and fun in the pool. One parent must accompany the child in the pool.

Swimmers who are not toilet trained must wear a swim diaper
